

| Physics Chapters And Topics                                             | Average Number of Questions asked in last 5 years | NEET weightage of the chapter and topic (In percentage) |
|-------------------------------------------------------------------------|---------------------------------------------------|---------------------------------------------------------|
| Units and Measurement                                                   | 1                                                 | 2%                                                      |
| Kinematics (Chapters – Motion in a straight line, Motion in a Plane)    | 1                                                 | 2%                                                      |
| Laws of Motion                                                          | 3                                                 | 7%                                                      |
| Gravitation                                                             | 2                                                 | 3%                                                      |
| Mechanical Properties of Solids & Fluids                                | 2                                                 | 3%                                                      |
| Oscillations                                                            | 1                                                 | 3%                                                      |
| Rotational motion (Chapter – System of Particles and Rotational Motion) | 1                                                 | 1%                                                      |
| Motion of System of Particles and Rigid Body                            | 3                                                 | 7%                                                      |
| Centre of Mass (Chapter – System of Particles and Rotational Motion)    | 1                                                 | 1%                                                      |
| Waves                                                                   | 2                                                 | 4%                                                      |
| Work, Energy and Power                                                  | 2                                                 | 4%                                                      |
| Kinetic Theory                                                          | 1                                                 | 2%                                                      |
| Properties of Bulk Matter                                               | 1                                                 | 3%                                                      |
| Thermal Properties of Matter                                            | 1                                                 | 2%                                                      |
| Thermodynamics                                                          | 3                                                 | 7%                                                      |
| Magnetic Effects of Current & Magnetism                                 | 3                                                 | 6%                                                      |
| Electric Charges & Fields                                               | 1                                                 | 2%                                                      |
| Electromagnetic Waves                                                   | 1                                                 | 1%                                                      |
| Electrostatics                                                          | 1                                                 | 3%                                                      |
| Electrostatic Potential & Capacitance                                   | 1                                                 | 2%                                                      |
| Current Electricity                                                     | 3                                                 | 6%                                                      |
| Electromagnetic Induction                                               | 1                                                 | 2%                                                      |
| Alternating Currents                                                    | 1                                                 | 3%                                                      |
| Wave optics                                                             | 2                                                 | 4%                                                      |
| Atoms & Nuclei                                                          | 2                                                 | 5%                                                      |
| Dual Nature of Matter and Radiation                                     | 2                                                 | 4%                                                      |
| Ray Optics & Optical Instrument                                         | 3                                                 | 5%                                                      |
| Semiconductor Electronics: Materials, Devices and Circuits              | 3                                                 | 6%                                                      |
